Letter of Appreciation

Dear *Mr. Kuldeep Singh,*

I express my sincere appreciation for your valuable contribution in International Telecommunication Union (ITU) titled ITU-T Y.metaID "Framework and requirements for identity visualization in and across metaverse" and ITU-T YSTR.IoT-PGMS "Potential requirements of IoT-based Perishable Goods Monitoring System" submitted through the National Working Group 20 (NWG-20) in ITU-T Study Group 20 meetings held from 15-24 January 2025 and 15-25 September 2025 respectively. Your technical expertise was instrumental in our success in these ITU-T Study Group 20 meetings, where these proposals were officially accepted as New Work Items.

This achievement significantly strengthens our footprint in the global standardization activities in the field of IoT, digital twins and smart sustainable cities & communities and we look forward to your continued active participation as these work items progress towards global standards.

With best wishes,

R. S. Singh
